

Front-End Developer

Job type: Full time

Location: Peterborough

Salary: Up to £60,000

If you are a highly skilled Front-End Developer looking for a new challenge, then now is the time to join Data Interchange. We are recruiting to grow our web-focused team based in Peterborough. You will have a keen eye for detail and a passion for keeping up to date with the latest front-end development trends.

We have several exciting greenfield projects in the pipeline and are looking for someone to join a fantastic team who are dedicated to helping drive our new solutions forward.

We are looking for someone who is able to bring the below skills into the role:

- Confident with JavaScript / Typescript
- Strong skills with Angular
- Experience with HTML / CSS
- Commercial Front End web application development experience
- Understanding of industry standards and best practice
- Experience of modern source code management approaches
- Experience working in an Agile environment

This is a really great time to join our business, we are at the early stages of a top down business transformation including a brand refresh. You will work closely with our in-house User Experience and Marketing departments to ensure our products align with our new brand.

We offer an informal working environment & benefits including:

- Free fruit, fresh coffee & fizzy drinks
- Flexible working
- Company Pension
- Cycle to work scheme
- Gym membership subsidy
- Individual training budget
- Onsite free parking
- Xbox room

To apply for this position, please forward a copy of your CV and covering letter to careers@datainterchange.com
